## A little bit about me...

Hi, my name is Naina Chodha. I am nine years old. This summer 2022 I got diagnosed with lupus. I loved to colour but I also had arthritis which made my hand tired faster so I started drawing and I made this coloring book for brave kids like you to spread happiness and joy in the world. I really hope you enjoy coloring in this book I made for brave kids like you. Enjoy!

XoXo   
Naina Chodha
